

Our Industrial Division provides equipment, service, and installation for compressed air, natural gas, nitrogen generation, pneumatic conveying, & fluid pumping equipment.

## Compressed Air & Gas Equipment

Energy-efficient two-stage rotary screw air compressors with motor options up to 600HP

Reciprocating air compressors, diesel air compressors

Portable diesel air compressors

Custom-Fabricated, complete outdoor air compressor cabinets

Nitrogen Generation Equipment & Explosion-Rated Air Compressors

Air treatment, Air Dryers, Oil Content Monitoring,

Gas Compression & Boosting Equipment/Systems

Vacuum pumps & controllers

Custom & engineered-to-order vessel designs, & pressure vessel solutions

## Slurry & Abrasive Resistant Pumping Equipment

Rubber-lined & High Chrome Pumps for Abrasive Slurry Applications

Slurry-friendly and abrasive resistant peristaltic hose pumps

End-suction, self-priming, and ANSI Pumps in stainless steel & duplex stainless steel

Durable Air-Operated Double Diaphragm Pumps (AODD)

Progressive Cavity Pumps, Rotary Lobe, & Screw Pumps; Industrial Grinders

Mechanical seals for every application, Industrial Coating, Lubricants, Packing, & Cloud monitoring software solutions for rotating equipment

Pumps, mixers, & engineered systems for sanitary abrasive & corrosive applications

Portable Dewatering Pumps

Horizontal, Vertical, Self-Priming, Vortex, Cantilever pumps

Vertical cantilever, submersible, & slurry pumps

Gear & centrifugal pumps for Oil & Gas Industry

Vane, Gear, & Centrifugal pumps for the transfer of fuels or other liquids and gasses

Automated Lubrication Systems

Automated Lubrication Systems

 ATEX Certified Equipment Available

# Industrial Service, Training Resources, & Consulting Services

## Industrial Service for Rotating Equipment

- Emergency 24/7 Repairs
- Pump & Compressor Service Agreements
- Precision Installation
- Laser Alignments
- Upgrades, Retrofits, & Repairs
- In-House Pump Shops in OR & WA
- Systems Engineering Assessment
- Custom Packaged Systems for Pumps, Air Compressors, Lubrication Equipment & Rotating Equipment Outdoor Enclosures

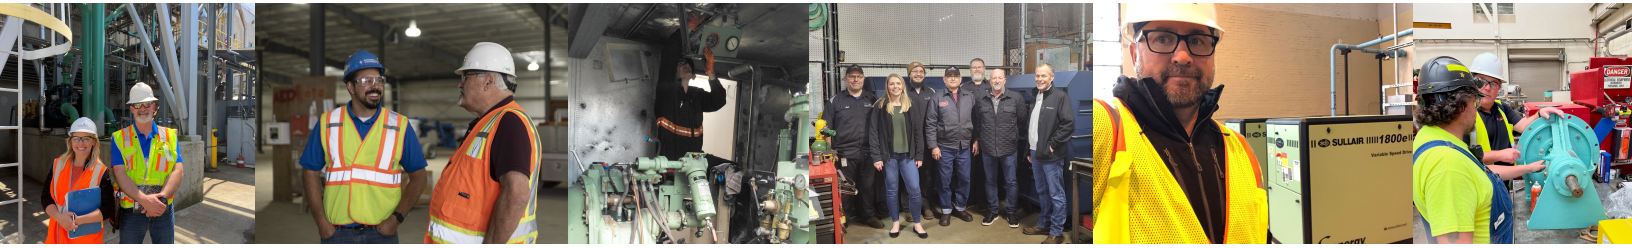

## Training Resources

- Pump 101 & 201 for End Users
- Compressor Service Training & Air Care Seminars
- Lubrication Training
- Seals & Packing Training
- On-site or In-House OEM Trainings

## Consulting Services

- Air/Energy Efficiency Studies
- Water Conservation Surveys
- Compressor & Pump Health Assessment Surveys
- Project & Compliance Management

Service Capabilities Available in OR, WA, ID, & MT

## Bulk Loading & Ancillary Transfer Equipment

Bulk loading & unloading solutions for safe transfer of hazardous products

Critical safety equipment for operations and truck & railcar loading & unloading

Industrial & chemical storage tanks, bins, & containers

Liquid Flow Meters, Flow Monitors, Sensors & Control Equipment

Manual Rewind, hand crank, spring rewind, electric rewind, air & hydraulic reels

Manual Rewind, hand crank, spring rewind, electric rewind, air & hydraulic reels

Flow meters & accessories, electronic registers

Flow Meters, Electronic Registers, Mechanical Registers, Printers, & Rebuilt Meters

Pressure & safety relief valves

Valves, fittings, & couplings for sanitary and oil & gas applications

Couplings, Fittings, & Hose Management Solutions

Metal, plastic, & composite hoses for Industrial & Chemical applications

Hoses for air & gas, fluid, and chemical transfer; water hoses, welding hoses

## Electrical Components

Operating mechanisms, insulation parts, & cooling systems to OEMs

Electric motors, drives, & components

Electrical Motors, Sustainable Motors, Drivers, & Controllers

AC & DC Motors, Large Induction Motors, Synchronous Motors

Gear Reducers & Drive Electronics

Carbon brushes & collectors, brush holders, slip rings, & linear transfer systems

Counters, encoders, & codings

Encoder Communication Drivers

Electrical panels & liquid level controls

Carbon brushes, brush holders, spring assemblies, shaft grounding, specialty carbons

ATEX Certified Equipment Available
